Other Important Points:

- SWK Help Desk does NOT replace nor is it included in the mandatory Software Subscription Plan provided by Sage Software.
- SWK must be the "Reseller of Record" on file with Sage Software in order for you to be able to call the SWK Help Desk.
- After the initial response, depending on the nature of the problem or question, follow-up research may be required and may cause the situation to accrue additional time. All time will be billed at our standard hourly rates.
- Prior to requesting technical support, SWK recommends that the customer create an adequate backup of all related computer data. SWK is not responsible for data loss due to inadequate or missing backups.
- When requested, SWK is available to provide support on non-covered issues at our standard hourly rates.
- SWK must have a user login and full rights to the Sage system. Client must be in good financial standing with SWK and all invoices must be paid within given terms.
- In the event that you have any third-party enhancements, some issues may need to be referred directly to the Master Developer and are dependent on the Master Developer's support policies.
- SWK's support analysts will make every reasonable attempt to find answers to your questions and solutions to your problems. However, we cannot guarantee that all defects will be fixed by Sage Software or that all of your questions or issues will be resolved. Our SWK Help Desk services are provided "as is," and there are no other warranties regarding such services, expressed or implied.
